Pris kr. 400 ,-

Sælgers beskrivelse

Pannier frame hoop for ZEGA Topcase with RapidTrap 01-051-0301-0 A sturdy rack is an essential accompaniment to every quality Topcase! To use our ZEGA Topcases with the RapidTrap system, you need to have a rack that the cases will perfectly attach to. We?ve designed special solutions for many motorcycles. However, just in case we don?t sell a ready-made solution to fit your bike we?ve decided to make the heavy duty frame hoop available on its own. So now there?s nothing to stop you making your own rack! - 18 mm stainless steel tube with 2 mm wall thickness and 3 mm stainless steel inner plate - Ideal for RapidTrap Topcases - Tube is supplied bent, laser-cut, welded and electropolished - External dimensions 285 x 245 mm - Flatness closely toleranced! The Topcase ZEGA Evo / Pro is lockable and it can also be locked to the rack. Available in a natural aluminium or anodised in colours silver (And-S) or black (And-Black). Euro. 53.-
