Udstyr & Sælgers beskrivelse

Sportstouring, Farve: Lysblå, Registreret første gang: 3/2022, Servicebog udfyldt: Delvist udfyldt, ABS bremser, Tankbeskytter, Skivelås, Sidetasker, Tonet/farvet kåbeglas, LED baglygte, Varmehåndtag, Justerbar kåbeglas, Motorcycle bought in 2022 in Denmark. This is Tracer 7GT model year 2022. It has received many additions allowing it to be ready to be used for long and convenient trips. Very economic and reliable CP2 engine, only 25000km. Oil/filter was changed around every 5000 km so over twice per each year used. Last time just before winter so it has fresh oil poured in. Motorcycle was garaged all year. Not driven in period when roads were salted. I was not planning to sell it, but I need money for investments at the moment. List of accessories and additions sold with motorcycle (in price): - heated grips (yamaha) - accessory levers (adjustable, alu, nice, branded, not chinese) - crash bars and aisle protectors (puig) - slightly tinted touring front windshield (puig) - mounted accessory bar with TomTom Rider navigation (detachable) - comfortable jelly touring sit couch - tank bag (with phone holder; SW motech) - tank pad + tank grips (yamaha) - thick aluminium bash plate (Zieger) - front wheel mudguard extension (puig) - side cases (yamaha) - front additional foot rests for long journeys - voltage display - aluminium cooler protector - wide and gripy foot pegs - clutch engine lever protector - spare clutch cable already on bike - ECU cable (yamaha ECU to OBD) - front disk lock (with shake detection; ABUS) - rear wheel stand - original yamaha front shield (touring), foot pegs - all key sets (3; 2 user keys + master key) - all docs Recent new parts: - drive (front sprocket, rear sprocket, chain): September 2025 - spark plugs, water coolant, brake fluid: 6 months ago - brake pads: year ago - tires changed in 2024, around 5000km now on them
