Pris kr. 14.000,- uden afgift

Årgang 1993

Kilometer 28107

Udstyr & Sælgers beskrivelse

Street, 447 ccm, Farve: Rød, Uden afgift, Registreret første gang: 7/1993, Sidste syn: 7/2024, Servicebog udfyldt: Nej, 43 HK, 0-100 km/t på 5.9 sek. 16.5 km/l. Topfart: 153 km/t, Nypris kr. 39.980, Honda CB 450 PC14 ? 1993 ? approx. 28,107 km ? restored original condition I am selling my Honda CB 450, variant PC14, from 1993. It has only done approx. 28,107 km and is in very good condition for its age. The motorcycle is a restored original, with all original parts except for the side mirrors. The battery was replaced last summer, so that works perfectly. It genuinely runs very well and is a pleasure to ride. After being stored outside over winter, it can sometimes need a little patience when starting, but once the engine warms up, it runs beautifully. I have had no issues with the actual driving experience. Overall, the bike is in excellent condition considering it is from 1993, but naturally there are some cosmetic signs of age. There is a little surface rust in a few places, which should be easy to remove with a metal brush. The seat has some visible wear, as shown in the pictures, but it is still waterproof, comfortable, and without any meaningful damage. It is also a very comfortable and spacious seat with plenty of room for two people. There is also a crack in the plastic casing around the ignition key, as well as a small scratch on the front of the bike. Both are purely cosmetic and have no impact on the riding experience. All in all, this is a beautiful, classic and very comfortable Honda CB 450 in original style, with low mileage for its age and a bike that runs really well. Key details: Honda CB 450 PC14 Year: 1993 Mileage: approx. 28,107 km Restored original condition Original parts, except side mirrors New battery last summer Very comfortable two-person seat Some cosmetic signs of age, but overall very good condition Feel free to message me with any questions or to arrange a viewing.
