Pris kr. 59.900 ,-

Årgang 2024

Kilometer 23000

Udstyr & Sælgers beskrivelse

Cruiser, 451 ccm, Farve: Sort, Registreret første gang: 7/2024, Sidste syn: 7/2025, 45 HK, 0-100 km/t på 6.3 sek. 22.7 km/l. Topfart: 175 km/t, Nypris kr. 77.900, ABS bremses, Skivelås, Sidetasker, Slip-on udstødning, Justerbar kåbeglas, Selling my first motorcycle to someone who appreciates the changes I made to it and wants to have a great experience with a great motorcycle. The motorcycle is in good condition and has: new tires new chain new saddle bags new road-legal double-pipe exhaust windshield Custom changes: Crash bar with forward footrests Windshield Very comfortable buffalo-leather back seat Passenger backrest Luggage rack Tall luggage rail Double-pipe exhaust ? road legal I chose to sell it directly because a dealer would probably remove the custom changes and turn it back into a more standard, boring motorcycle because that is easier to sell. You would then pay more for less. So this bike is for someone who actually likes it the way it is. I'm selling it because I want to upgrade to a Kawasaki Vulcan S. The Eliminator 500 is also A2 compatible and a very good motorcycle for beginner riders ? light, easy to handle and forgiving, while still being fun when you gain experience. If you are interested, come have a look and see if it's the right bike for you.
